

Career Hats

Think.

 Color.

 Cut.

 Paste.

How To Use This Sheet

1. Help the children identify each career helper in the boxes.
2. Call attention to the hats at the bottom of the page.
3. The children should color, cut, and paste the hats to match the career helpers.
4. Have the children color the sheet.
5. For extra fun, ask your children to design a teaching hat.
As a group, or individually, decide what might make an appropriate teaching hat and provide the materials to actually make one!
